Hello everyone

Stella and I are really excited that it's just 5 weeks to go to our showcase How to be a Brain Friendly Trainer.

Running it across a weekend has enabled a fantastic group of enthusiastic learning facilitators to sign up - eager to share all their own ideas as well as ours.

Stella and I learned how to be brain friendly trainers together; we then designed together, experimented together and made mistakes together - well only a few obviously!

And the power of sharing ideas and learning with a like-minded group of professionals is really demonstrated when you read the report-backs from the Learning Clinic sessions at Brain Friendly Learning Group meetings.

So to maximise your learning through lots of sharing, book one of the few places remaining, and take advantage of our earlybird and pairs discounts, before they close. Call Ann now on 01380 850 192 for a no obligation chat; I'll only suggest How to be a Brain Friendly Trainer as the solution, if you and I both feel it's the right one for you!

And in case you didn't know, investment is 100% guaranteed!

Ann
