## How to insert a link into a posting?

Posted by stella - 2009/03/23 21:38

---

Hi

Does anyone know how to insert a proper link into a posting?

Please help!

Stella

Hi Stella,

I pressed reply, typed the web address, highlighted it and then pressed the URL button in the Boardcode above the message. This should work. Test below.

[www.stellarlearning.co.uk](http://www.stellarlearning.co.uk)
